
Specialty Polymer Additives

speciality additives for plastics - and research into additives for plastics, croda polymer additives has developed a range of products suitable for this challenging market. our products can be utilised in a range of automotive applications including interior and exterior parts and under-the-bonnet components. **speciality additives - elotex** - specialty additives ...of the world's top producers of building material additives used in everyday construction activities. our comprehensive range of redispersible polymer powders provides outstanding performance of dry mortar products for all end-use applications. our r&d has developed a unique, enhanced range of specialty additives in powder form to further improve the application and ... **polymer additives - pmc biogenix** - pmcpolymeradditives our wide range of polymer additives includes products used in the manufacturing of polyolefins, engineering resins, styrenics, rigid **polymer additives for the plastics industry - rangchi** - 2 polymer additives for the plastics industry as one of the world's leading specialty chemical companies, clariant contributes to value creation with innovative and **introduction to polymer additives and stabilization - pqri** - introduction to polymer additives and stabilization bobbijo van beusichem, ph.d., senior staff scientist, expert services, michael a. ruberto, ph.d., head of regulatory services, nafta, expert services ciba expert services, ciba specialty chemicals poster prepared atscifor technical preparation of "purest" polymer is simply not possible! structural defects and impurities can not be ... **additives for grease - functional products inc.** - a variety of polymer additives. our specialty polymer additives form an interpenetrating physical network with the grease soap to greatly improve the performance of the grease: increased shear stability, enhanced water spray-off and thicker grease. how do polymers improve grease? the polymer forms an interpenetrating network with the grease soap matrix by chemical bonding, entanglement or an ... **polymer additives - products.pcc** - the reflex series are specialty polymer additives based on phosphate esters. this product range exhibits an outstanding flame retarding profile with an excellent plasticizing performance especially in the pvc industry. the reflex series is preferable for flexible and transparent application where substitute inorganic powder flame retardants. due to great compatibility with non-flame retarding ... **specialty products - hexpol compounding** - specialty products a material difference. 2 hexpol is a leading global developer and manufacturer of quality polymer compounds. our rich heritage is defined by innovation and customer collaboration. hexpol scientists and technologists are among the best in the world, providing proprietary compounding solutions that address our customers' evolving needs. from automotive and transportation to ... **polymer additives & chemical specialties - corbion** - lubrication, dispersion, release, and polymer processing problems. in addition to our standard products, custom solutions can be in addition to our standard products, custom solutions can be developed and produced to meet a customer's specific requirements. **additives for grease ddi s fo g ease - lubes'n'greases** - a variety of polymer additives. our specialty polymer additives form an interpenetrating physical network with the grease soap to greatly improve the performance of the grease: increased shear stability, enhanced water spray-off and thicker grease. what types of grease soap may be treated with polymers? our specialty polymers are compatible with the following mineral and vegetable oil-based ... **light stabilizer for coatings - rangchi** - business unit additives 2 • the additives business unit is an important supplier of products with functional effects for coatings, printing inks, adhesives, plastics and specialty applications. • the product range includes: • polymer additives: light stabilizers, antioxidants and antistatics for effects in coatings, plastics and many other applications. • waxes: broad product range ...
